CMS & E-commerce Platforms: Shopify, WordPress, Webflow
Tools & Deployment: Git, GitHub, Vercel, Render, Railway

Work Experience

Associate Software Engineer

Integriti, Lahore, Pakistan *Jan 2026 – Present*

- Build and maintain full-stack web applications using modern frameworks such as Next.js, React, and Node.js, implementing frontend UI, backend logic, and third-party integrations.
- Develop e-commerce and business websites using Shopify, WordPress, and Webflow, focusing on responsive design, performance optimization, and deployment.
- Developing custom Shopify apps and integrations to extend Shopify store functionality and automate e-commerce workflows.
- Contributed to full-stack web development projects, gaining hands-on experience with Next.js, React, Node.js, and CMS platforms including Shopify, WordPress, and Webflow.

Associate WordPress Developer

Bizassist Global SL x Thokmandee, Lahore, Pakistan *July 2025 – Dec 2025*

- Built custom WordPress websites and plugins from scratch without templates, delivering functional solutions for real-world needs, while enhancing skills in PHP and WordPress development.
- Designed responsive, user-friendly websites using Figma with efficient layer management, improving overall user experience.

Frontend Developer

Elevvo Pathways, Cairo, Egypt *Feb 2025 – May 2025*

- Strengthened technical expertise in HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind, and Bootstrap while developing responsive, scalable, and user-friendly interfaces with a focus on user experience.
- Gained practical experience in front-end development, API integration, and modern UI/UX design, using Figma for wireframing and prototyping.

Projects

- **Green Minds**, A CRM platform built with NestJS and TypeScript, designed to streamline client management, enhance workflow efficiency, and deliver a clean, professional user experience. Link
- **FileForge**, A file utility platform built with Next.js and FastAPI for converting, compressing, merging, and managing files across formats, with Cloudflare R2 storage integration. Link
- **Protek**, A modern, responsive corporate website built with Next.js and Bootstrap, featuring a clean design, interactive UI elements, and a professional layout to showcase eco-friendly solutions. Link
- **Callavan**, A real-time driver tracking platform built with Web Flow, enabling users to see and connect with nearby drivers, featuring live location updates, status indicators, and seamless user interactions. Link
- **Moonfab**, Developed a custom Shopify storefront with B2B/B2C bundles using Fast Bundle and SparkLayer, implementing inventory sync, pricing, product visibility, and custom metafield mapping. Link
- **Kopilot.ID**, Developed a custom Shopify storefront and coded a fully customized product detail page (PDP) with dynamic variant-based upsell logic to deliver personalized cross-sell experiences. Link
- **Etchfy**, A custom-engraving Shopify storefront for personalized gifts and corporate branding, featuring material-focused collections and a streamlined UI. Link
- **Thokmandee**, A wholesale B2B marketplace connecting small businesses with diverse products, best prices, built on WordPress, Elementor Pro & Dokan Pro. Link

Custom Apps

- **SlideEase:** Built a customizable Shopify slider app supporting product, image, banner, and promotional sliders with responsive layouts, theme app blocks, and performance-focused rendering. *(80+ installs, 10 paid plans)* Link
- **Balloon Bouquet:** Developed a Shopify product customization app with a live-preview bouquet builder, dynamic pricing, checkout variants, and order management with PDF summaries. *(10+ installs, 2 paid plans)* Link
- **FormEase:** Built a no-code Shopify form builder with drag-and-drop editing, multi-step forms, file uploads, custom CSS, email notifications, and a submissions dashboard. *(10+ installs)* Link
- **BookFlow:** Developed a Shopify appointment booking app with service management, availability settings, real-time time-slot selection, and Shopify checkout integration. *(11+ installs, 1 paid plan)* Link
